

Campus Ministry Weekly Update

January 10, 2022

"Listen to advice and accept instruction, that you may gain wisdom for the future. Many are the plans in the mind of a man, but it is the purpose of the Lord that will be established."

Proverbs 19:20-21

"It's not the will to win that matters – everyone has that. It's the will to prepare to win that matters."

- Paul Bear Bryant

Joyful Monday!

We are so excited that we'll be welcoming you back to campus by the end of this week. As you're preparing to return we suggest having FUN with the preparations and planning for the semester ahead!

How do you have fun planning and preparing? By remembering to put your trust not in those things but in the One who sees it all from start to finish at the same time. The One who already knows how those plans will change (positively or negatively). The One who also knows all that you'll need to respond to those changes and has everything ready to be given to you at the perfect moment.

So yes, prepare for the semester ahead but more importantly, prepare to be open to whatever the Lord has in store for you and make sure you're not holding onto your own plans so tightly that there's no room for Him to give you anything more.

God Bless,
Campus Ministry

Enjoy Your Life!

When it comes to those seasons of preparation and transition in our lives how often does the stress overtake the excitement? Or perhaps it's the opposite and we're so excited that we brush aside the preparation piece.

Put on some music that encourages you to
Dream & *Move*
and also reminds you that
You've Got Soul & *The Best is Yet to Come*

St. Alix LeClerc

Alix was born to a wealthy family in the Lorraine region of what is now France, in 1576. She lived a carefree life indulging in parties and entertainment and had little interest in her faith until she reached her late teens. However, during a serious illness, Alix read about the faith and began to contemplate the futility of this lifestyle. She slowly began to focus her attention completely on God. One day, Alix had a vision of the Blessed Mother holding a child. Mary said to Alix, "Take this child and make him grow." Alix's vision was a sign of her vocation to educate children. On Christmas night in 1597, with the support of her spiritual director, Alix founded a new religious order. The next year, she opened the first of what would be many schools dedicated to the free education of girls. For so long, Alix had dreamed of educating young girls, and her schools attracted many students.

Her feast day is October 22nd.
